Hungarian Syllabus Checklist

What you can learn here, and where

✅ Your Hungarian Checklist

This page lists what the Hungarian courses on this site teach, as things you can do. Tick an item when you can do it, and use the last column to find the course and chapter that teaches it. Print the PDF to keep a copy that you can tick with a pen.

HOW TO USE THIS PAGE

The sections follow the order of the courses: **reading and sounds**, **everyday situations** (Hungarian Basic Conversation 1 to 4), **intermediate conversation** (Hungarian Intermediate Conversation 1 to 4), **advanced conversation** (Hungarian Advanced Conversation 1 and 2), and the **grammar track** (Hungarian Grammar 1 to 4). The level tags in the headings (A1 to B2) are rough guides on the European scale, not promises. Ticks on the website are not saved when you leave the page, so the printable PDF is the way to keep your progress.

6. Not yet on this site

Some things are not taught yet, so this checklist does not claim them.

- No Hungarian conversation course is planned after Hungarian Advanced Conversation 2.
- The reading chapters (Hungarian Advanced Conversation 2, Chapters 6 to 8) use **invented** extracts, poems and lyrics, not real stories, poems or songs, so reading real literature is still ahead of you.
- Listening practice is not covered: there is no audio, and the film and TV chapter explains fast speech only in writing.
- Nothing here has been checked by a native speaker.

> **About accuracy**
> Every chapter ends with a “Not Yet Verified” box that says which facts were checked by a web search and which come from general knowledge. No chapter was checked against a dictionary or by a native speaker. If you plan to rely on a form, check it with a dictionary, a teacher or a native speaker, especially verb forms, suffix choices with vowel harmony, and the definite conjugation.

Keep going. Revisit a chapter whenever an item on this list is still unticked. The grammar chapters each have a quick-reference table for a fast check.
